

## **Situ8 Under Siege 07/9/10**

**Earlier today, Situ8 headquarters in Chicago was a victim of a burglary. The unknown perpetrator broke the glass window on the door to gain entry and proceeded to ransack the office.**

**Early suspicion is that that the primary target of the thug(s) was Situ8's formula for creating Ideas in Reality. Much like the Colonel Sanders' secret recipe for fried chicken, Situ8's formula is the treasure that many desire. While the intruder did their fair share of damage, they were unable to get their hands on the Ideas in Reality formula.**

**"We are obviously a bit shaken by this morning's event," stated Situ8 VP, Erik McKinney. "The mess they created is absolutely an inconvenience, but we do take a solace in the fact that they still have no idea how to create Ideas in Reality and no other sensitive information was captured. That gift is, and will always be, a something that stays with us and our clients. Our only hope is that this criminal is brought to justice."**

**No suspects have been identified at this time, but the crime is still under investigation.**
